'AI-for-India'

Heartiest Congratulations from 'AI-for-India', an initiative launched by IIT Madras-incubated startup GUVI. We hope that students and mentors had the best online learning experience with us in this AI-for-India 1.0 virtual event. We are delighted that we could share the joy of learning with you!

Success multiplies when you certificate it with your loved ones.

"Education is priceless & no one can steal it from you"

COMPUTER EVENT 2

'Mission AI Bootcamp 2 /17 JUNE 2021 to 1 JULY 2021

We are pleased to acknowledge the successful conclusion of the Mission AI Bootcamp organised by STEMpedia from 17th June 2021 to 1st July 2021. During the event, the students of grade V to X attended the online webinars aimed at introducing students to the concepts of Artificial Intelligence & Machine Learning. We congratulate all the participants for their enthusiasm and efforts towards understanding the much-needed concepts for the future. We extend a wholehearted vote of thanks to the STEMpedia fraternity, for providing us with this wonderful opportunity. STEMpedia dedicates itself to spreading knowledge about emerging STEM fields by the means of learning-by-doing and will be more than happy to have opportunities for educating at your premises in the future.

The event concluded with a competition. Budding Artificial Intelligence Techie, Kyrell Kochar of class VIII E won a prize for her AI project. She created an APP, HELPODOCO. The main objective of this App is to help and support doctors, work staff and even patients at the hospital. It is made in honour of all the doctors who lost their lives during this pandemic.

This is second consecutive year that the school has been awarded "EXCELLENCE IN ARTIFICIAL EXCELLENCE". All the participants were awarded Certificate for their enthusiastic contribution. The event was coordinated by Ms Anjali Raman.

COMPUTER EVENT 3// 21 & 23 AUGUST 2021

Coding, Robotics & AI Workshop by IIT ALUMNI

A two day workshop was conducted by Rancho Labs for school students to kickstart their journey in the field of Coding, Robotics, Games and Apps.

Students from classes 6 to 10 participated and were taught by IIT Delhi alumni, with the aim to ignite curious minds and shed light on lucrative career paths in AI, coding, and robotics through experiential learning.

Keeping up with the current technology trends Goenka believes in providing learning opportunity to our students to prepare them for the future.

Students had fun learning how to program an Arduino Board and use Teachable Machine to program AI. The workshop comprised two interactive sessions and everyone made the projects on the spot. It was a memorable and impactful learning experience to students. The event was coordinated by Anjali Raman.

IT Event Interschool Film Making Competition

Aayush Rai of class 12 B made it to the final round of the event "Motion Blu " in "Force Fest 2k21", organised by Apeejay School, Panchsheel Park. It was an inter-school Audio/Video Editing competition with 30+ participants from different schools competing against each other based on their skills with the softwares - **Adobe Premiere Pro and Adobe After Effects.**

For the final round the selected 8 teams had to create a video advertisement for a hypothetical company providing drone delivery service for various shipping items.
