

A NEW BACK TO SCHOOL PROTOCOL

Mixed emotions of excitement and anxiety , relief and disbelief....these are some of the jumbled thoughts experienced during the BACK TO SCHOOL regimen followed by the school.

Despite the obvious restrictions, senior school students have faced this challenge with great patience and sincerity. The joy and comfort of meeting their friends and teachers has far outweighed any scope of resistance or flouting of the new covid norms. As per the DOE directive, the campus is open for classes X and XII in the first phase. A circular for the same has been shared, dated January 14 2021, with the parents.

All procedures followed by the school during this unusual time, continues to require everyone's support and faith to make sure that it is healthy , safe and equitable for students and staff and families.

GOOD TO SEE YOU !!! WELCOME....

Post lockdown procedures :

- All guidelines are strictly followed, sent from Delhi Government, CBSE and DOE. All instructions are in place till date.
- Board class students in small groups and staggered batches are attending school for exams, enhancement classes and Computer and science practicals.
- Teachers and examiners move classrooms , not students. - Entry of all is monitored strictly at the gate with thermal scans - Masks and social distancing is mandatory for all. Sanitizers are available at all workstations.
- Use of open and outdoor spaces is also done according to need and requirement.
- Sanitised classes, labs, library are monitored every hour. - Vigilance, supervision and regular sanitisation is kept in accordance with all regulatory checks and measures.
- Full support is provided for the student's transition back to class based learning, offline exams and laboratory practical assignments.
