

Special Educator

This position entails addressing the learning needs of students requiring specialized educational support through planned interventions and structured academic guidance.

Key Responsibilities

1. Graduate/Postgraduate with a Special Education qualification recognized by RCI and 2–5 years of relevant experience.
2. Develop and implement Individualized Education Plans (IEPs) based on identified learning requirements.
3. Take help from parents and teachers to build instructional support in accordance with documented intervention plans.
4. Coordinate with subject teachers and parents to review progress and adapt strategies where necessary.
