

PRT – Science

The Primary Science role entails delivering subject instruction that promotes understanding of basic scientific principles through structured classroom teaching and practical exposure.

Key Responsibilities

1. Graduate in Science (Physics/Chemistry/Biology) with B.Ed and 2–5 years of teaching experience at the primary level.
2. Teach primary-level Science concepts using hands-on and experiential learning approaches.
3. Foster curiosity and scientific thinking through classroom demonstrations and guided exploration.
4. Conduct assessments to evaluate learning outcomes and maintain accurate academic records.
5. Integrate activities, experiments, and project work to support conceptual understanding.
